# SOPORTES PLISADA

## CORTINA CRISTAL

---

Pleated blind glass curtain brackets  
Supports plissé rideau verre

La Plisada es una cortina ideal para usos donde se cuenta con espacios de recogida muy reducidos. Su presencia también es perfecta en las cortinas de cristal incorporadas a nuestras pérgolas bioclimáticas Saxun.

Pero ahora, con los nuevos soportes de fijación a estas ventanas de cristal, la apertura y cierre de la Plisada se realiza de una manera más fácil y cómoda, sin necesidad de ser recogida.

The Pleated Blind is an ideal curtain for use where space is at a premium. It also fits in perfectly with the glass curtains built into our bioclimatic Saxun pergolas.

But now, with our new glass window fixing brackets, the Pleated Blind can be opened and closed in an easier, more comfortable manner, without needing to be gathered up.

Le Plissé est un rideau idéal pour une utilisation où les espaces de manoeuvre sont très réduits. Sa présence est également parfaite pour les rideaux en verre incorporés à nos pergolas bioclimatiques Saxun.

Désormais, avec les nouveaux supports de fixation à ces fenêtres en verre, l'ouverture et la fermeture du Plissé se réalisent de manière très simple et pratique, sans besoin d'être manipulé.
